### Product overview

The mistral LED mirror is at the forefront of modern design, capable of making a design statement in any bathroom.

The mirror features backlit LED's which provide a stylish glow to compliment the unique tear drop shape, as well as multi-axis mounting brackets that enable the mirror to be hung portrait or landscape.

The touch pad located on the front face of the mirror enables quick and easy control of the lighting, and a built-in demister pad ensures that the mirror stays perfectly clear whilst in-use.

### Key Features

- Touch Sensor Switch
