

## Product overview

The Connex TrioTone™ is a sleek and discreet 240V under cabinet light, which offers a superb light output.

The Connex TrioTone™ is a multi functional fitting enabling the user to choose the desired colour temperature, from warm white (3000K) to natural white (4000K) to cool white (6500K) by simply using the switch on the side of the fitting, making it suitable for any type of kitchen design, whether traditional or contemporary.

The Connex is a perfect alternative to the T5 fluorescent lights and it is diffused and with no visible LED points.

The fittings are individually switched, no need to be controlled from the wall mains switch which will cut down on extra wiring. It is fully linkable for ease of use, and can be butt jointed to make longer lengths if desired.

Two clips and screws are provided for ease of installation and as well as 1.5m mains cable.

## Benefits

- Cost effective (offers 3 color temperatures all in one fitting)
- LED Technology for long life
- Energy Saving ( Good Lumens per watt ratio)
- Stylish and easy to install
- Ideal for under cabinet lighting

## Key Features

- Alternative to T5 with no visible LED's
- Selectable colour Temperature (Warm , Natural and Cool white)
- Sleek and discreet Appearance
- Can be Interlinked
- No driver Required

## Technical Specification

<b>Voltage</b>	240V
<b>Power</b>	222mm: 3W
	343mm: 5W
	524mm: 9W
	623mm: 12W
	904mm: 16W
<b>Colour Temperature</b>	3000K, 4000K, 6500K
<b>Lumens</b>	3000K: 80Lm/m
	4000K: 95Lm/m
	6500K: 85Lm/m
<b>Beam Angle</b>	120°
<b>CRI</b>	>80
<b>Material</b>	White PC
<b>Operating Temperature</b>	5°C to 45°C
<b>Cable Length</b>	1.5m

## Mechanical Specification

Product	Dimensions (mm)	Weight (kg)	IP Rating
SE100390	222 x 22 x 30	140	20
SE100490	343 x 22 x 30	153	20
SE100590	524 x 22 x 30	182	20
SE100690	623 x 22 x 30	198	20
SE100890	904 x 22 x 30	212	20
