Product overview

Joining the Sensio range of tri-pointed under cabinet spotlights such as the Bermuda and Treos, the Nexus TrioTone™ offers great light output and colour change capabilities.

The Nexus TrioTone™ features TrioTone™ colour change technology allowing you to change the colour temperature between cool, natural and warm white at the flick of a switch.

To promote ease of installation, the fitting comes with a quick connect that fits in the rear of the luminaire. This allows for the quick disconnect of the light, without having to trace the cable back to the LED Driver.
