

Benefits

- LED for long service life
- Low wattage – energy waving

Key Features

- Various lengths available to suit standard drawer sizes
- Integrated IR sensor on the front face – light will turn on when drawer is opened
- Energy saving. When drawer is closed, light turns off
- Brackets and cable tidy supplied to ensure no loose, unsightly wires

Product overview

Designed specifically for use within kitchen drawers, the Verso provides functional convenience lighting for ultimate ease of use.

The product is quick and easy to install, simply screw in the brackets and then hide the cable with the trunking supplied. Once installed the infrared sensor will switch the light on automatically when the door is opened and illuminate the drawer contents.
